

Supplemental Instruction

What exactly do SI Leaders do? What is SI?

SI Leaders are not there to teach or re-present any material, but they do aid in group discussion. SI Leaders present organization and critical thinking skills that will be beneficial to student success. In addition, Supplemental Instruction (SI) is a peer assisted study session, and is a non-remedial approach to learning enrichment that increases student performance and retention. In SI sessions, students are given the chance to review notes, discuss readings, develop organizational tools, and prepare for examinations.
